Bartholomew Family

The Bartholomew Family

The Bartholomew dress watch design draws inspiration from the classic designs of Joseph Windmills, and each piece features a polished stainless steel case which is of course waterproof.

The case design is elegantly curved case with an open caseback and the fine steel brushed metal applies glass which covers up the four exclusive dial designs which we detail below.

Each design features 2 hands with a date window at 6.

The open case back, displaying the automatic movement, is surrounded by an intricately engraved design, harking back to the original J&T Windmills engraving.

A key design feature are the stylish padding lugs ensuring a high level of comfort and fit around the wrist for the wearer.

The design is completed by a matte black leather strap featuring a gold J&T Windmills logo on the buckle, and for the finished crown with exquisite detailing.

Each piece arrives in a beautiful wood presentation box.

- Case Size: 38mm
- Dial Opening: 31mm
- Case Thickness: 12.4mm
- Case Material: Sterling Silver
- Movement: J&T SW2001 - 26 Jewels
- Glass: Diamond Sapphire

JTW02 GS2

This piece features a fullmarker setting over case with all the Bartholomew features above.

This dial is based on an original Joseph Windmills patent face.

The dial is clear white with a beautiful soft textured moon river dial.

It features a black minute track and black Roman numerals separated by a 1/2 inch 1/4 inch pattern.

The hands are an elegant blue steel laurel design.

The date window is at 6.

Distinctively English

With the J&T Windmills website, it was necessary to create an accompanying marketing brochure. All product photography was done by myself and the print-ready brochure was created in Adobe InDesign.

Publication

Working with Shepherd Cox, a property investment company, I have created several print-ready brochures which I then converted to interactive digital format for viewing online.

Product Photography

Rotary Watches product photography that I shot and edited with Photoshop. These images were used for a number of digital and print publications and promotional pieces.

Animation

An informative video/animation exploring the current trends in the retail industry and the discussion of a possible solution for HMV. All research and designs were created by myself. After Effects and 3DS Max were used to produce the video.

Spring Flowering Bulbs

You can't beat spring flowering bulbs for a splash of colour and now's the time to plant them. *Buy early* to ensure the best choices from our extensive range. To get the best from your bulbs, plant with compost, well-rotted manure or composted bark and a slow-release or controlled-release fertiliser and remember to label the planting position.

Take advantage of this month's gift voucher with a free portion of 12 winter seeds.

Autumn Tidy Up

Get your garden ready for winter with a good autumn tidy up. Rake up any leaves and other debris and compost them. Diseased leaves should be disposed of. If you have a lot of leaves to rake up consider buying a garden Vac instead. Clean bamboo canes and other supports with Jeyes Fluid or Amalitolox. Don't forget to give the patio a good cleaning with the same products or indulge yourself with a pressure washer.

Fruit Trees

We are offering double points on all trees in Garden Club members from the 10th to the 19th September. This equates to a 10% discount! We have an impressive range of plants, rhubarb and pear trees as well as many more. Apple trees are available as dwarf and semi-dwarf. We also have over 20 varieties of family apple trees. These range from grow 2 metres of apple and are great for small spaces. Our best value is the Golden Ladycrisp Cox Bramley variety, available at only £24.99 this early is a must buy for growing your own!

You could also revitalise your lawn by removing the built up of dead grass, moss and other debris with a spring-tine rake or powered scarifier. This is best done in early September.

Afterwards, aerate the soil with a hollow-tine aerator or garden fork and add a top dressing. Apply a feed, weed and mosskiller then re-seed any gaps with the correct lawn seed mix. This will improve air and water movement in the roots of the lawn.

Welcome

The cooler weather is sweeping in with autumn in the air, which means it's time to clean your lawn and garden a little extra tender loving care. Although now and again activity will be minimal, slug and snail will become more active in the night months. Now is also the time to think about planting spring flowering bulbs.

Working at a garden centre as graphic designer meant I produced a lot of promotional material for the Garden Club we launched whilst I was there. This included a monthly newsletter and weekly email campaign. I also re-designed the company logo and branding.
